

# Recommended Education on Trauma-Informed Care Across the Physical Therapy Profession

## HOD P07-24-04-08 [Position]

The American Physical Therapy Association recommends education for physical therapists, physical therapist assistants, and students about trauma-informed care to include realizing the widespread impact of trauma; recognizing its signs and symptoms; and responding with policies, procedures, and practices to resist re-traumatization of all those with whom we interact, collaborate, and serve.

### Explanation of Reference Numbers [use for House policy]:

HOD P00-00-00-00 stands for House of Delegates/month/year/page/vote in the House of Delegates minutes; the "P" indicates that it is a position (see below). For example, HOD P06-22-05-04 means that this position can be found in the June 2022 House of Delegates meeting minutes on Page 5 and that it was Vote 4.
